Location

The hotel is set in an historical, pastoral part of Bavaria and boasts its own highly esteemed 18-hole golf course. The nearby islands of Herrenchiemsee and Frauenchiemsee have a special charm, with Herrenchiemsee Castle, built by King Ludwig II on the model of Versailles, not to be missed. A hike through the imposing castle park and across the park-like island is a pleasure in every season. The Fraueninsel is a picturesque and dreamy idyll. Enjoy a view over the lake from the cafés or pay a visit to the Benedictine nuns' monastery shop; the marzipan and liqueur, which are still handmade in the monastery, are world famous.
