

Hotel Schwarzschnied

Hotel Schwarzschnied reflects the stunning beauty of South Tyrol through spacious rooms and an emphasis on wellness that includes a spa, yoga, meditation, and its own vineyard. Originally built in 1981, the hotel was modernized recently to function as a home to holistic well-being and first-class design, art, and slow-food cuisine. A 29-meter outdoor pool, a spa with signature treatments, and a Finnish outdoor sauna hold center stage.
