

FREIgeist Einbeck

FREIgeist Einbeck sits directly opposite PS.SPEICHER, Europe's largest vintage car museum, in the half-timbered heart of Lower Saxony's historic brewing town. Brick, steel, and glass meet oak flooring and leather details across a series of characterful public spaces, from a welcoming living room to a rooftop terrace with sweeping views. The result is a hotel equally suited to a cultural stopover or a memorable meeting, event, or celebration.
