

Hotel Viu Milan

A tower of “green” with a stunning rooftop, a famous Italian chef, and a world of great design attracts Milan’s creative set and its movers-and-shakers. Hotel Viu Milan features an outdoor rooftop pool which is the first in the city to afford guests with 360-degree views of the city. Vertical gardens flank the cuboid structure’s expansive glass façade—which is made up of floor-to-ceiling windows. This stand-out building immediately demands attention as a work of contemporary eco-friendly architecture, thanks to the vertical gardens that flank the cuboid structure’s expansive glass façade.
