

Genji Kyoto

Set alongside the crystal-clear Kamo River and within easy reach of major attractions and the city's hidden gems, Genji Kyoto is a Zen-minded retreat adorned with comfortable luxury. The hotel presents guests with a tempting array of Japanese and international dishes at its elegant Genji Lounge and its Sky Forest Garden, which boasts panoramic views of Kyoto. Inspired by the Japanese aesthetic Wabi-Sabi, this perfectly imperfect sanctuary welcomes guest into sculptural gardens, a small shrine, and its hospitable embrace.
