

Trunk Hotel Yoyogi Park

Facing Yoyogi Park across Inokashira Street, Trunk Hotel Yoyogi Park pairs Tokyo's urban energy with the calm of the city's largest green space. Architecture by Keiji Ashizawa Design and interiors by Norm Architects fuse Japanese craftsmanship with Scandinavian simplicity and a strong emphasis on art. At the rooftop Trunk Pool Club, an infinity pool, Jacuzzi, and firepit overlook the park's treetops, anchoring the hotel's rhythm of activity and calm.
