

## Parkhotel Mondschein

Midcentury allure reminiscent of cinematic moments from the golden age of Italian film, a park-like setting, and a yoga studio make this newly transformed Old World structure in the heart of Bolzano a rare gem. Sustainability was a driving force in bringing the hotel to life, with existing materials utilized wherever possible. The heart of the hotel is a bar that has direct access to the park and an outdoor lounging area. The dining facilities of Parkhotel Mondschein include Luna Bar, which offers an extensive beer list and regional appetizers; Tree Brasserie serving modern Italian fare; Viaggio featuring Michelin-star cuisine and Toma-home to divine tapas.
