

Tella Thera

Perched above Crete's Kissamos Bay, this 20-room retreat nestled among olive groves is a sanctuary for wellness and renewal. At its core is the Tella Thera spa, where therapies include rejuvenating baths, restorative sauna and steam sessions, and treatments using handcrafted oils and botanical-rich balms. Subterranean suites feature private pools and sea views, while Anemoia restaurant offers plant-forward, zero-waste dining rooted in Cretan tradition. Guests can also enjoy artisans-led workshops—all inspired by the rhythms of nature and local culture.
