

XELA Tulum

XELA is close to Tulum's top spots and surrounded by natural wonders, including the Sian Ka'an Biosphere and Mayan ruins. Set on a private beach, it's an intimate 12-suite retreat blending minimalist design with laid-back luxury. Housed in a former private villa, the space incorporates organic materials, warm tones, and sunken lounge areas inspired by Middle Eastern divan rooms. Guests enjoy serene spa treatments, a refined bar, and a peaceful connection to nature, just steps from the sea.
