

Palihotel San Francisco

In the heart of Union Square, at the foot of the Stockton Street Tunnel, Palihotel San Francisco occupies a century-old building reimagined with warm Craftsman-inspired simplicity. Wood paneling, ceramic tile, and mixed vintage furnishings blend classic and contemporary California style throughout. Bar Maritime and Maritime Boat Club anchor the ground floor with craft cocktails and market-driven dining just steps from Chinatown, Nob Hill, and the Financial District. — [see more](#)
